

WHAT'S MY MISSION OR PURPOSE?

(What totally floats my boat & gets me excited about living this life? How will I serve and who will I serve?)

What talents, experiences, offerings, etc. do I have right now that will support my journey

(Be sure to note life experiences AND past work experiences. Not sure? Ask your others! "See Rockstar Peeps")

What are my family goals? Do I want to get married, stay married, stay single, have kids, no kids, etc.?

(Get specific! Remember the Universe is listening and taking copious notes.)

Where do I see myself in one-to-three years?

(Where do I live? Who do I live with? What is my career? Who are my friends? What does my money look like?)

Where do I see myself in 10 years?

(Let your imagination run wild and go Big!)

What is my negative drama relationship with money OR positive "money rocks" relationship? And how, if at all, would I like to change this relationship?

(Get real with this and call out any and all issues around MONEY!)

My Money Plan

How much do I want to make?

(Think pie in the sky, living intentionally, abundantly and serving others type money here!)

How much do I need to make?

(Think "I've got to pay ALL of my bills i.e. rent, credit cards, car, student loans, etc. OR "I'm good. I've got a trust fund." We are keeping it real! And specific goals produce specific results!)

Who are my Rockstar Peeps i.e. friends, mentors, family, successful biz folks, etc. & how can they help?

(Think "big picture" Who are your future mentors, people who'll get the word out, investors, digital-media masterminds, family and friends who will your journey.)
